

How much do you know about the SAT?

True or False: On the SAT, it is better to put any answer, even if it is a guess, than to leave an answer blank.

The answer?

FALSE! On the SAT, you lose MORE points for **wrong** answers than no answer at all!

What you don't know about the test can hurt your score!!

The Kaplan SAT Prep program, offered at BHS in the spring, teaches students what to expect on the test and how to use strategy to improve their score.

Bloomfield students who have taken the course before have seen an *average increase* of more than 100 points in their overall scores!

Cost for the Kaplan SAT Prep Program:

- 12 class sessions
- 2 Textbooks
- 1 Diagnostic test with detailed feedback
- + 2 Bloomfield teachers available for ongoing support

~~\$800~~

FREE for Bloomfield Students

Juniors planning to apply to college should take the SATs *at least once* in the spring of their junior year. Don't wait until you are registering for the SAT to start preparing for it! To reserve a spot and receive more information, visit:
